Overview

This is the documentation of a software project done for MSE SoftwEng 2023.

1. Contributing
2. Architecture

Contributing

Here is supposed to be some documentation about how to contribute to this project.

Architecture

Some architecture documentation was developed within the scope of the SoftwEng lecture, which can be found here.

C4 Container Diagram

User

## SoftwEng Project

Web App [Rust, Leptos SPA, Tailwind]

displays temperature measurements

fetches data
[REST API]

Web Service [Rust, Axum]

stores temperature measurements

sends measurements
[?]

Microcontroller [Rust, ?]

records temperature measurements

4+1 model
